

SUCTION EXCAVATOR

High-Tech for underground construction work in urban and suburban areas. The suction excavator assures instant operability, fast excavation without damaging buried cables and lines, reduction of the knock-on effects on the environment and traffic.

- AREAS OF APPLICATION**
- Underground construction work in urban and suburban areas
 - Emergency repair service for pipeline and cable network operators
 - Tree care
 - Railway trackside maintenance and repair
 - Environmental clean-up
 - Application for special operations

Technical Data

Length	10m
Width	2.50m
Height	3.60m
Maximum Suction Depth	20m*
Maximum Suction Span	100m*
Fan	28 000 m ³ / h
Vacuum	32 000 Pa
Compressor	2.8 - 4.5 m ³ /min, 7 bar
Tank Volume	7 m ³

**depending on the nature of the material removed*
